

Distinguished Guests, Ladies and Gentlemen,

Thank you all very much for joining us at the launch of this very special bike.

My son and I were delighted when Ducati Thailand contacted us and invited us to work with them on this exciting project, and we are thrilled and very happy with the result.

I didn't know what I was going to feel or say about this bike ----- until I actually saw it !
And my immediate reaction was that the bike looked very stylish, very classy, and it's a bike that Mike would definitely have endorsed, had lots of fun with, and enjoyed very much.

I think I can safely say that the lucky owners of these bikes will not only enjoy them but know that they own something very special and personal to them, each with their own unique number and accessories.

This week marks the 35th anniversary of the car accident which took Mike's life, and I can think of no better tribute than to honour his memory with the launch of the Ducati Scrambler Hailwood. He would have been very proud and also very humbled.

So our heartfelt thanks to Ducati Thailand and all concerned with this exciting project, and thank you for remembering The Legend, Mike Hailwood.
Thank you.
